

TIA CHEMICALS

Technology Innovation Assurance

Pharma | Food & Beverages
Coal | Textiles | Agriculture
Institutions | Cosmetic
Paints & Coatings | Power Plant

About Us

TIA Chemicals started in 2015. We are leading Manufacturer, Wholesaler, Dealer of lab instruments and chemicals.

Our product line caters to extensive demands of numerous fields such as Pharma, Food & Beverages, Coal, Textiles, Agriculture, Institution, Cosmetics, Paints & Coatings, Power Plant, Bio-Chemicals & Bio- Technology laboratories.

We also work as a consultant for big value projects wherein we do not directly get involved in any transaction but support our customer to facilitate the same with quality products at a better price.

We continuously strive hard to achieve and maintain a constant quality parameter in terms of products and services which today form a benchmark in the industry.

Throughout our history our goal Has been to provide you

Prompt Service

Complete Solution

Facility up-gradation

Expertise in Turnkey Projects

Our Vision

- To maintain Good Quality and latest technology.
- To provide prompt service to achieve 100% Customer satisfaction.
- To offer the product at highly competitive pricing.
- To support our dealers across the Country.

Our Policy

We, at TIA, Individually and collectively are committed to achieve total customer satisfaction with respect to quality, reliability and consistency in the healthy work culture of innovation and co-operation so as to “do it right, the first time, every time”.

Our Product Range

Micro Balance

Analytical Balance

Moisture Analyzer

Nano Spectrophotometer

PH / Conductivity /
Ion / Multiparameter

Spectrophotometer

Polarimeter

Refractometer

Microwave Digestion,
Extraction & Synthesis

Rotary Evaporator

Sieve Shaker

Viscometer / Rheometer

Our Product Range

Kjeldahl System

Soxtherm

Super Critical
Extraction System

Disintegration Test
Apparatus

Digital Tablet
Hardness Tester

Dissolution Test Apparatus

Friability Test Apparatus

Ovens / Furnaces / Incubators

Autoclave

Laminar Air Flow /
Biosafety Cabinet

Fume Hood

Digital Melting
Point Apparatus

Our Product Range

Dehumidifier

FTIR

HPLC / GC

XRD / XRF

TOC analyzer

Ultrasonic Probe Sonicator

Ultrasonic Water bath

Ice Flaker

Elisa Plate Reader

HPLC / GC Columns

Bomb Calorimeter

Consumables

Exclusive brands represented by TIA

Rotary Evaporator

Magnetic stirrer with hotplate

Micro-Pipettes,
Electronic pipettes

Vortex mixer

Centrifuge

Shakers

Rotators

Dispenser and Diluter system

Thermal cycler gradient

Dry Bath

High pressure reactors

Air Condensers

Helix-Based Process
Development Systems

Vials and Syringes

Nitrogen Evaporator

Spe-ed™ SFE Basic

We proudly present's our inhouse Brand...

CROYANCE

Incubator

Hot air oven

Muffle furnace

Autoclave

Laminar air flow

Fume-hood and
biosafety cabinets

Ultrasonic bath

Water bath

Chiller water circulation

Soxhlet apparatus

Heating mantle

High temp furnace

Our Wide Range of Products

1. Autoclave
2. Bacteriological Lab Incubator
3. Orbital Shaker
4. Rotary Shaker
5. B.o.d. Incubator
6. Bulk Density Apparatus
7. Water Bath
8. Cod Digestor
9. Friability Test Appartus
10. Heating Mantles
11. Hot Air Oven
12. Hot Plates
13. Stability Chamber
14. Laboratory Oven
15. Laminar Air Flow
16. Leak Test Apparatus
17. Melting Point Apparatus
18. Muffle Furnace
19. Oil Bath
20. Orbital Shaking Incubator
21. Soxhlet Extraction Heating Mantle
22. Tablet Disintegration Test Apparatus
23. Tablet Hardness Testers
24. Sieve Shaker
25. Ultrasonic Cleaner
26. Vacuum Oven
27. pH / Ion / Conductivity / TDS / Multiparameter
28. Karl Fischer Titrimeters
29. Colony Counters
30. Visible Spectrophotometers
31. Uv-vis Spectrophotometers
32. Electronic Pipette
33. Mechanical Pipettes
34. Moisture Balance
35. Rotary Evaporator
36. Magnetic Hotplate Stirrers
37. Fume Hood
38. Weighing Balance
